Executive Summary

Hillside Quarry (ILD #980677637) was located northwest of the intersection of Eisenhower Expressway and Mannheim Road. The site is now known and permitted as Proviso Township Sexton #2 and operated by John Sexton Sand and Gravel Corporation. Phone calls with Cliff Gould, Manager of the Maywood IEPA regional office, and with Mr. Boettcher of Congress Development Company on November 17, 1987 varified this fact. A no further action is recommended for the Hillllside Quarry due to the fact that a preliminary assessment has already been done for the site under the Proviso Township Sexton #2 name (ILD 980606115).
